## PRESIDENT WILSON DECLARES ITALY CAN NOT HAVE FIUME

Possession of This Seaport is Bone  
of Contention Resulting in  
Italians Withdrawing

### WILSON ISSUES STATEMENT

Says America Must Stand by Prin-  
ciples Already Enunciated in  
Making Decisions

### NO NEW SET FOR THE BALKANS

Points Out Situation at Time of  
London Pact Altered by Estab-  
lishment of New States

(By United Press.)

Paris, April 23.—President Wilson  
declared flatly this afternoon that  
Italy cannot have Fiume.

Possession of this seaport is the  
bone of contention which has re-  
sulted in Italy threatening to with-  
draw from the peace conference.

Nothing remains for Italy to do  
but put threat into execution or  
back down completely.

Italian delegates also failed to  
attend this afternoon's session of  
the Big Four.

President Wilson issued a state-  
ment, declaring America must stand  
by the principles it has already en-  
unciated in making decisions re-  
garding Italy's claims. A new set  
of principles cannot be established  
for the Balkans, he said.

Wilson pointed out that the situa-  
tion existing at the time the pact of  
London was signed in 1915 has been  
altered by dissolution of Austria-  
Hungary and establishment of new  
Balkan states.

He insisted that the peace confer-  
ence must apply the principles es-  
tablished in the armistice and the  
fourteen points.

If those principles are to be ad-  
hered to, Fiume must serve as an  
outlet for the commerce not only of  
Italy, but of the lands to the north-  
east—Hungary, Bohemia, Roumania  
and the new states of the Jugo-  
Slovak groups.

"To assign Fiume to Italy would  
be to create a fear that would serve  
to deliver the port upon which those  
countries chiefly depend for access-  
ion to the Mediterranean, into the  
hands of a power of which the na-  
tions did not form an integral part,  
and whose sovereignty, if such there  
be, would seem foreign, not domes-  
tic."

The president concluded by point-  
ing out that the fear of aggression  
existing at the time of the pact of  
London no longer exists.

The deadlock in the Italian situa-  
tion was declared by some dele-  
gates to be worse ever since the  
conference between Premier Lloyd  
George and Premier Orlando last  
night.

Italy now intends to begin con-  
versation with Germany looking to-  
ward a separate peace. Indications  
were that they expect to obtain coal  
from Germany and food from Uka-  
rainia instead of from Great Britain  
and America.

The Big Four was expected to  
continue today the discussion of the  
Japanese claims to Chinese territory,  
based on the secret treaty to which  
Great Britain, France, Russia and  
Japan were parties.

Japanese and Chinese represen-  
tatives presented their respective  
cases yesterday afternoon. It was  
understood that the United States  
has made known its recession from  
its stand that the pact constitution,  
the foundations of Japanese claims,  
and all other secret agreements was  
nullified by acceptance of the arm-  
istice terms.

It is known the majority of the  
peace delegates are inclined to fa-  
vor China's contention that Kiao Chau  
and the Shantung peninsula, seized

### Italians Say Wilson Has Broken up Peace Conference.

Paris, April 23.—President  
Wilson statement has broken  
up the peace conference, a num-  
ber of Italian delegates de-  
clared this afternoon. The de-  
legates said that Premier Or-  
lando will leave for home tonight  
or tomorrow and the remain-  
der of the delegates will go as  
quickly as possible there after.

Orlando declined to comment  
on the president's statement be-  
yond intimating that Italy's re-  
sponse might take the form of  
"some definite action." This  
was interpreted as meaning  
practical withdrawal.

from Germany by Italians during  
war, should revert to China inas-  
much as Germany obtained posses-  
sion of them by force.

In British circles it was reported  
that the Big Four expressed a de-  
sire to defer settlement of the ques-  
tion until after peace is signed, the  
peace treaties merely decreeing that  
Germany shall lose her right in Chi-  
na. From the same source it was  
learned the Chinese delegates have  
agreed to consult their government  
as to whether this course would be  
satisfactory. The Japanese stated  
that such a plan would be directly  
opposed to Japan's demand and that  
the Japanese delegation, particularly  
the military section, is now firmly  
determined to settle the matter at  
once.

## Not To Attend Peace Meeting At Versailles

Paris Correspondent of Tribune  
Says Italian Delegates Will Not  
Meet With Germans. Threats Seen  
in Correspondence to Rome  
Papers.

### CAN'T CUT ITALY'S PROGRAM

(By United Press.)

Rome, April 23.—The Paris cor-  
respondent of the Tribune reported  
today that the Italian delegates will  
not attend the meeting with German  
peace delegates at Versailles.

"The Adriatic is far from being  
Italy's," said a correspondent. "The  
resistance against Italy's claims  
grows." The struggle becomes more  
bitter daily.

Another correspondent wires:  
"The allies erred in believing they  
could amputate Italy's program to a  
minimum of our national aspira-  
tions."

"Whatever happens Italy's victory  
will not be crippled."

"The territory conquered by our  
allies will remain Italian whether  
agreement is reached with our allies  
or not."

### CLOSE IN ON BUDAPEST.

Copenhagen, April 23.—A dis-  
patch from Vienna filed yesterday  
said it was reported in diplomatic  
circles that Czech-Slovak forces  
were 15 miles north of Budapest.

### MARTIAL LAW IN BREMEN

(By United Press.)

Amsterdam, April 23.—Commun-  
ists have established martial law in  
Bremen, according to dispatches  
from that city today.

### GRANTS WAGE INCREASES.

(By United Press.)

Washington, April 23.—Wage in-  
crease totaling more than \$232,000,  
annually, has been awarded  
workers by the national war labor  
board.

## VALUATIONS HIGHER THERE

Shelby County's Appraisements  
Raised More Than Rush County's

Earl Priest, county assessor, who  
held a conference with the Shelby  
county assessor yesterday, declares  
that personal property is being as-  
sessed higher there than in Rush  
county. He quoted the Shelby county  
assessor as estimating that the ap-  
praised valuation of all classes of  
property would be raised from \$26,-  
000,000 to \$80,000,000. This is a  
much greater increase than it is be-  
lieved will be made here. The pre-  
sent valuation of property for taxa-  
tion purposes in this county is \$24,-  
000,000. Real estate and improve-  
ments are being assessed at about  
the same average figure as in Rush  
county, according to Mr. Priest.

## LARGEST ISSUE ROAD BONDS EVER OFFERED

Will be Sold Thursday, May 8, Their  
Combined Par Value Amounting  
To \$161,716.

### TO BUILD FIVE HIGHWAYS

The largest offering of road bonds  
ever advertised in the history of  
Rush county will be sold to the  
highest bidders at the county treas-  
urer's office on Thursday May 8.  
The bonds are to be sold to obtain  
the money needed to construct five  
roads under the three-mile road law,  
four of which are to be built of ce-  
ment.

Bids will be received up until 2  
p. m. on May 8 and the bonds will  
not be sold for less than par and  
accrued interest. They will draw  
four and a half percent, payable  
semi-annually.

The par value of the bonds total  
\$161,716 and are issued to build the  
following roads: John G. Beale ce-  
ment road in Rushville township,  
\$49,280; William T. Moore macadam  
road in Richland township, \$19,840;  
John R. Weir cement road in Noble  
township, \$33,396; Willard Tribbey  
cement road in Posey township,  
\$22,240; John H. Power road in  
Rushville township, \$36,960.

## BACK HOME AFTER 2 YEARS OF SERVICE

Frank Owens, Member of Famous  
Second Division, Receives Dis-  
charge at Camp Taylor.

### IN MANY OF THE BIG BATTLES.

Private Frank Owens arrived  
home last night, having been dis-  
charged from the military service at  
Camp Taylor, Ky. Private Owens  
is the son of Mr. and Mrs. H. C.  
Owens of North Morgan street. He  
was in France for a period of fif-  
teen months, having seen two years  
military service. He was a member  
of that famous Second Division of  
the Regular army, which stood the  
brunt of the heaviest fighting during  
the first few months that America  
took part in the fighting.

He saw service at Chateau Thi-  
erry, Soissons, the Argonne Wood,  
and on the Meuse. Private Owens  
was lucky in being sent home at this  
time as he fell ill with influenza and  
was sent back from Coblenz, where  
he was stationed, and in an acciden-  
tal way became connected with a  
hospital unit on its way home and  
in this manner crossed to this coun-  
try and received his discharge. He  
arrived in New York on the evening  
of March 24 and was sent to Camp  
Taylor, where he received his dis-  
charge.

## EMBEZZLEMENT CASE IS NOLLED

Indictment Against William Garri-  
gus, Former C. I. & W. Freight  
Agent, Off Docket

### SETTLEMENT IS EFFECTED.

Case of Hancock County, on a Con-  
tract, Starting Before Jury in  
Circuit Court Today

The case of the state on the rela-  
tion of the Martinsville Brick com-  
pany against George Crider, which  
was sent here on a change of venue  
from Hancock county, began before  
a jury in the circuit court this  
morning and was expected to contin-  
ue all day today and part of tomor-  
row.

Judge Sparks yesterday afternoon  
nolled the case of the state against  
William Garrigus, former C. I. & W.  
freight agent, who was indicted for  
embezzlement, because of the lack of  
evidence. The motion to nolle was  
filed by the prosecuting attorney and  
the prosecuting witnesses.

It is understood that Garrigus,  
who now lives in Crawfordsville,  
paid back to local people money  
which he borrowed to make up an  
alleged shortage in his accounts at  
the freight office. Some of his  
friends here are said to have loaned  
him money and others went security  
for him and eventually had to pay.

The case has been on the docket  
for more than a year and has been  
repeatedly postponed while at-  
tempts were being made to effect a  
settlement. It is reported that a set-  
tlement was once made and the  
checks issued, but payment was  
stopped on them before any, with  
the exception of one, had been  
cashied.

Judge Sparks has sustained the  
motion of the defendants to quash  
the writ of habeas corpus in the  
case of William A. McDonald of  
Connersville against Luther Short,  
superintendent of the Soldiers and  
Sailors Orphans' home, and the  
board of trustees of the home. The  
plaintiff was endeavoring to regain  
the custody of his children who were  
placed in the home several years  
ago. A writ was issued by the  
court, returnable April 12, on which  
date the defendants filed a motion  
to quash. The court's action in sus-  
taining the motion yesterday is in  
effect a finding for the defendants  
and will result in the children re-  
maining in the home.

Four law suits have reached the  
Rush circuit court on a change of  
venue from the Hancock circuit  
court at Greenfield, three of which  
are against Lones Freedman, Louis  
Bareus, Charles V. Hickson and the  
Citizens Natural Gas, Oil & Water  
company of Shelbyville. The plain-  
tiffs, Roscoe Pentland, Earl M. and  
Grace E. Thomas and Philander  
Collyer, allege that the defendants  
have appropriated real estate which  
belongs to them. They demand the  
return of the property and Pentland  
asks \$1,000 damages, Earl and  
Grace Thomas demand \$1,500 dam-  
ages and Collyer \$1,000. The fourth  
suit from Hancock county was that  
of Nathan W. Hiatt against Thomas  
H. New and son for \$2,500. It is  
a complaint on a check.

The case of the Ajax Rubber com-  
pany against Wilbur E. Chance, on  
an account, for \$175, was dismiss-  
ed in court yesterday and the costs  
were paid.

The jury hearing the trial today  
was composed of the following men:  
J. S. Hammond, Oliver M. Offutt,  
Rufus Rhodes, Walter Barnes, R. S.  
Davis, Grant Miller, Frank Cross,  
John L. Clark, Charles Hugo, Har-  
vey J. Catt, Glen Moore and Frank  
McCoy.

## MORE THAN THIRD OF QUOTA IS SOLD

Reports From Banks Today Show  
\$293,970 Worth of Victory Notes  
Subscribed For Here

### EARLY OPINIONS REVISED

Reports Are Slow in Reaching The  
County Sales Director Who  
Hears From Only 2 Townships

More than one-third of the coun-  
ty's quota of \$825,000 on the Vic-  
tory Liberty loan has been sold  
through the banks, according to re-  
ports from the thirteen financial in-  
stitutions in the county today.

Total sales actually reported to  
the bank amounts to \$293,970. This  
sum is expected to be rapidly in-  
creased from day to day as the re-  
ports begin to come in from solici-  
tors which are at work in most  
townships of the county.

Arrangements were perfected be-  
fore this loan began for all reports  
of sales to be made to T. M. Green,  
county sales director, but this has  
not been done, as evidenced by the  
fact that almost \$300,000 worth of  
liberty notes have been sold and  
sales amounting to only \$31,350  
have been reported to Mr. Green.

Anderson township this morning  
announced additional subscriptions  
amounting to \$2,200, which makes  
\$10,050 from that township received  
by canvassers. Orange township is  
the only other township heard from  
by Mr. Green. That township yes-  
terday reported subscriptions  
amounting to \$21,300, of which  
\$15,050 was sold in the road district  
in the southeastern part of the town-  
ship.

The opinion that the Victory Lib-  
erty notes would be readily sold in  
Rush county was slightly revised  
today when the total of the banks  
sales became public. It had been  
thought that the volunteer subscrip-  
tions would amount to a greater  
sum than they did. Included in the  
reports from the banks today are  
some subscriptions which have been  
taken by canvassers and turned over  
to the banks.

Judging from the way reports are  
coming in to the county sales direc-  
tor the canvassing is not general  
throughout the county. It is known  
that some districts in Rushville  
have been visited by soliciitors but  
reports are very slow in reaching  
W. M. Sparks, township sales di-  
rector.

The only event on the Liberty  
loan program is the war exhibit  
train which will be here next Wed-  
nesday morning. It is expected that  
this exhibit will be here on scheduled  
time and not disappoint the people  
like the whipper tank, which broke  
down enroute. It is not now believed  
that the tank will ever complete the  
tour of the state.

## SALES FIRST 2 DAYS TOTAL 500 MILLION

If The Pace is Maintained, Minimum  
Loan Quota Can be Obtained  
Without Difficulty.

### 250 MILLION DAILY NEEDED.

Washington, April 23.—Treasury  
officials today estimated the sales  
of Victory loan bonds for the first  
two days of the campaign would to-  
tal \$500,000,000.

Incomplete reports received up to  
noon today told of high totals being  
rolled in from every federal reserve  
district. If the pace set for the first  
two days is maintained, officials say  
the minimum of \$4,500,000,000  
would be obtained without difficulty.

An average of 250,000,000 daily  
must be kept up to finish the job on  
time.

## LUXURY TAX TO BE IN EFFECT MAY 1

Again the Indifferent Little Penny  
Will Come Into Its Own Place  
When Buying

### MANY ARTICLES IN LIST

Tax on Ice Cream and Soft Drinks  
Will be One Cent for Every  
Ten Cents Worth

The so-called luxury taxes pro-  
vided in the new internal revenue  
law become effective May 1 and af-  
fect ice cream, sodas, sundaes, and  
all soft drinks, all bottled beverages  
made of cereals or substitutes and  
containing less than one-half of 1  
per cent. of alcohol, unfermented  
grape juice, root beer, sarsaparilla,  
pop, artificial mineral waters.

While not classed particularly as  
luxuries—carpets, rugs, picture  
frames, trunks, portable lighting fix-  
tures, umbrellas, fans, women's and  
misses hats, bonnets and hoods and  
men's and boys' hats, shoes, neck-  
ties, shirts and pajamas also will be  
taxed.

The tax on ice cream and soft  
drinks will be 1 cent for each 10  
cents or fraction thereof of the  
amount paid by the consumer. On  
bottled beverages the tax is 15 per  
cent, while on grape juice, ginger  
ale, root beer, sarsaparilla, pop and  
mineral waters, the tax will be 10  
per cent.

The tax on carpets, rugs, etc., will  
be 10 per cent. of the price paid in  
excess of a certain fixed amount,  
which, in the case of women's hats  
is \$15, and in the case of men's and  
boys' hats, neckwear, shirts, etc., is  
\$5.

The provisions of the revenue law  
which take effect on May 1, will ap-  
ply to proprietary remedies and  
many toilet accessories and the tax  
will be one cent for each twenty-five  
cents or fraction thereof of the  
amount paid by the consumer. Re-  
venue stamps will be affixed to the  
articles sold and the retailer will be  
responsible for the collection of the  
tax.

William H. Smith, chief deputy to  
Peter J. Krueyer, collector of internal  
revenue, announces that the  
stamps will be ready for next week.  
The stamps are in the denomina-  
tions of 1c, 2c, 3c, 4c, 5c, 8c, 10c,  
20c and 40c.

The following are articles listed  
to be taxed:

Perfumes, essences, extracts, toil-  
et waters, cosmetics, petroleum jel-  
lies, hair oils, pomades, hair dress-  
ings, hair restoratives, hair dyes,  
tooth and mouth washes, dentifri-  
cials.

## Everywhere! Every Day!

Daily newspapers cover the  
United States, and the low  
cost of reaching daily news-  
paper readers is remarkable.  
For \$862.96 per inch you  
may reach 28,625,000 per-  
sons who buy newspapers,  
to say nothing of the fam-  
ilies at home who read  
them. This is at the rate  
of \$301.42 per million cop-  
ies.

Canadian newspapers have  
relatively the same circula-  
tion in proportion to popu-  
lation.

Every man or woman in  
North America who can  
read, is a newspaper read-

### HOW'S YOUR BLOOD?

**Pimples and Eruptions  
Mean Bad Blood**

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and barks such as Dr. Pierce's Golden Medical Discovery is and has been for nearly 50 years. Ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulation begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and all skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

Get Dr. Pierce's Golden Medical Discovery to-day at any medicine dealers, in tablet or liquid form, or send 10c for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Grand Rapids, Wis.—"I am a great believer in Dr. Pierce's medicines. When in a delicate condition, I had eczema very bad. I took 'Golden Medical Discovery' and it cured me and I have never had any trace of it since. When my baby was born he was broken out. I gave him the 'Discovery' and it cured him, also. I don't think my child would have lived only for this remedy. After the birth of baby I was miserable. I would have pains and headaches. I took medicines but got no relief. Finally, I began taking 'Favorite Prescription' and in the next month I was all right—felt fine, and have been well ever since. 'I can recommend all Dr. Pierce's medicines for they did wonders for me and for my family.'—Mrs. Anna Zeller, 543 10th Ave., North.

"WHEN I go fishin' I want fish that bite, and tobacco that don't."

*Velvet Joe*

"Bite" in tobacco comes either from poor leaf or wrong "ripening."

We use for VELVET only the finest Kentucky Burley. But we don't stop there.

We put millions of pounds of this tobacco away every year, in wooden hogsheads, for Nature to patiently ripen and mellow.

There are quicker ways, but they leave some teeth in.

The VELVET way makes the friendlier kind of tobacco. You can always go to it for comfort without a "come-back."

## HUN EXPERTS ARE INVITED

Step Towards Resumption Normal Business in World

(By United Press.)

Paris, April 23.—Invitations to Germany to send a commission of food, shipping, financial and trade experts to confer with allied representatives is regarded as the most important step yet taken toward resumption of the world's normal business. The meeting will be held at Versailles or Compiegne.

The Germans have been instructed to send commissioners having full power to negotiate every question involved and to send them as soon as possible, so that the commerce relations between Germany and the allies be cleared up speedily.

## EXPORTS BROADENED.

Washington, April 23.—Limited quantities of food may now be exported to other parts of Germany that the zone occupied by the allies, the war trade board announced today. Exports permitted for these shipments can be obtained from the board.

## SUIT RESULT OF ACCIDENT

### John Woodward Asks \$200 for Damages to Automobile.

A suit for damages was filed in the Shelby county court yesterday as the result of an accident on the Rushville pike, between Moscow and Waldron some time ago. The suit was filed by John Woodward against George Meltzer. The plaintiff alleges the defendant owned and operated a gas pipe pulling machine and that employees of the defendant had negligently set the machine up along the side of the Rushville pike, stretching a wire across the road; that he ran into the wire with his auto, demolishing the radiator and other parts of the machine. Damages to the amount of \$200 are asked.

### LEADS IN QUICKSILVER.

(By United Press.)

Sacramento, Cal., April 23.—That California yields 70 per cent of the entire production of quicksilver in the United States, and that well above \$100,000,000 worth of that mineral has been extracted from the soil of the golden state is related in a mining bulletin issued by Fletcher Hamilton, state mineralogist.

**Roads Need Attention**

Rush county is about to sell bonds to construct close to \$150,000 worth of permanent roads. This probably will not represent the expenditure for highways with a hard surface this summer because all of the roads so far contracted will be built under the three mile law. There will likely be others constructed at a much greater cost under the county unit law, which gives the county commissioners much more power and makes available for road construction this year the sum of \$180,000.

While Rush county is going into the business of building permanent roads on a large scale, it is well to remember that roads of this character, as well as macadam and gravel roads, in time need attention. The life of the cement road is estimated at fifteen years, but it can probably be made to last much longer if it is given the proper care. The first break or crack in a cement road should be promptly repaired, for if the break is allowed to grow larger,

it will reach a point where repair will be next to impossible.

The roads of Rush county are in fairly good shape, but they would all be in excellent condition if the road officials felt the responsibility of their position and all, as some do, realized how vital good roads are to the life of the community. They are the arteries of commerce for Rush county, a strictly agricultural community, which must depend in a large measure for its sustenance on the produce that is hauled over its highways to the markets.

The present generation must not lose sight of the fact that in building permanent roads, they are not only doing themselves a good turn, but likewise are making it easier for the generation that is to come. Neglecting the roads is a serious offense against the commonwealth, whether the roads be gravel, macadam, cement or brick, and road officials should never forget that they are charged with a mission which is essential to the welfare of the whole county.

Road officials must not grow careless as the mileage of hard-surfaced roads increases, thinking that they will take care of themselves, but should be as much on the alert as ever, because to allow a cement road, for instance, to fall into disrepair, would be a greater offense than neglecting a macadam road because the investment is greater and the proportionate loss due to failure to repair in time will be much larger.

An expert student of primitive man states that in the cave drawings all the women are represented as being very stout. From this he argues that the cave man's type of feminine beauty was a fat woman. Probably it was not much more trouble to supply a large tiger skin than a small one, but if primitive man had had to clothe his women-kind in broadcloth at \$4.00 a yard, he would doubtless have greatly preferred the slender and willowy type.

Watson's Home is Rushville;  
He Doesn't Care Who Knows It  
\*\*\*\*\*

Although Senator James E. Watson does not now maintain a home here, he has repeatedly stated that he still calls Rushville home and intends to remain here. The following from the Washington correspondence of the Indianapolis Star further emphasizes his declarations in this respect:

Senator James E. Watson's home is Rushville, Ind., and he doesn't care who know it. Rather than have it stand idle while he is in Washington he sold his big house there some time ago, but nevertheless Rushville remains home to him. A few weeks ago the senator and some Indiana friends registered together at a New York hotel. The friend, who had entered the hotel in advance, registered for Watson, giving Washington as his place of residence. But when the senator came in he took one look at the register, seized a pen, scratched out Washington and wrote "Rushville, Ind.," across the page.

**WASHINGTON ADMITS  
SHOOTING DETECTIVE**

Negro Confesses to Greensburg Murder, According to Inspector of Detectives.

**BIG 4 DETECTIVE KILLED.**

Indianapolis, Ind., April 23.—An announcement was made late Tuesday by Jerry Kinney, inspector of detectives, that Thomas Washington, one of the two negroes held in jail in connection with the murder of Elmer Robbins, railroad detective, who was shot and killed last week at Greensburg, had confessed to detective Rademacher that he was the one that shot Robbins.

Washington had previously accused John Hancock, who was arrested with him, as the man that fired the shot. Hancock, in turn accused Washington. Both were arrested by railroad detectives when they were found in a freight car in the Big Four railroad yards, near Beech Grove, after they had escaped from other officers at Greensburg.

According to the detectives, Wash-

ington and Hancock first held up William Scholty, 850 North Dearborn street, an alleged "bootlegger", and took a quantity of whiskey from him. Scholty then telephoned to the Greensburg police department, telling them he was a federal agent, and asked them to be on the lookout for the negroes. Robbins, with the sheriff and other members of the police department, was searching for the negroes when he was shot.

It is altogether remarkable that any automobile should become famous for economy and usability on the one hand and equally famous on the other as the easiest riding car on the road—for the practical side of motoring seldom goes hand in hand with comfort and fineness. The FRANKLIN SEDAN gives unmatched economy, comfort and usability. They are all the result of common cause—the principles of AIR-COOLING, LIGHT WEIGHT and FLEXIBILITY. No other car combines these principles and for this reason, FRANKLIN records have stood unequalled for over 17 years. The FRANKLIN car keeps going when most other cars must stop. Mr. and Mrs. Ollie Brown lavishly entertained the members of the Century Five Hundred club at their home Monday evening. Following an evening over the card tables, an elaborate luncheon was served to the twelve guests.

The Needlework club met with Mrs. John Crayton, at her home north of Claymont, this afternoon. The afternoon was spent socially and dainty refreshments were served by the hostess late in the afternoon.

Mr. and Mrs. Ernest Mitchell entertained twelve members of the Five Hundred club last evening at their home in East Second street. The evening was devoted to playing Five Hundred and at the close the hostess served light refreshments.

The Ladies Aid Society of the First United Presbyterian church was entertained yesterday afternoon at the home of Mrs. Emma Hocker-smith in North Morgan street. The afternoon was devoted to the regular program and business session after which dainty refreshments were served.

Mrs. Louis Gohring entertained a number of out-of-town guests over the week-end. The guests were Mr. and Mrs. Ernest Keener of Newcastle, Mr. and Mrs. X. H. Gohring of Indianapolis, and Mr. and Mrs. Carl Mattern and son Robert Eugene also of Indianapolis. Sunday Mrs. Gohring entertained with a delicious dinner in honor of her guests.

Mrs. Chester Saxon of near Fairview entertained the members of the Sorosis club yesterday afternoon. The program was as follows:

Responses. What book has helped you most? A review on the book, "Oh Money, Money," by Gene Stratton Porter. Mrs. Roland Murray. Besides the members present there were five guests also. At the close of the interesting program the hostess served a delicious luncheon.

The Tri Kappa chapter here will be represented by several members at the state convention of the sorority at the Claypool hotel in Indianapolis on Friday and Saturday. The chief social events of the convention will be a banquet Friday evening, followed by a dance. Among those from here who will attend are Mrs. Hubert Inno, Mrs. Neff Ashworth, Mrs. L. L. Endres, Mrs. Kenneth Allen and the Misses Esther and Helen Black, Jessie Kitchen, Katherine Petry and Fanny Stiers.

The following from the Franklin Star describes a musicale given by Mrs. J. W. and Mrs. Will Ditmars, formerly of this city, and their daughters, at which Mrs. Alvan Moor of this city was a guest:

A very delightful Easter musicale was that given Saturday afternoon by Mrs. J. W. and Mrs. Will Ditmars and their daughters, Mrs. Edwin Deming, Mrs. Cliff Brown, Mrs. Cort Ditmars and Miss Marie Ditmars at "Sunnycrest" farm.

The rooms in which the guests were seated were decorated with baskets of pink sweet peas and spring flowers. Roses were used in the dining room. During the afternoon a program of music and readings was given by Mrs. Louise Schellschmidt-Koelme, harpist, and Adolph Schellschmidt, cellist, of Indianapolis, and Mrs. Frank Dale Thompson, reader of Edinburg.

Refreshments in the decoration colors of pink and white, were served by the Misses Lylah Demree, Mildred Henderson, Elizabeth McCaslin, Margaret Alexander, Martha LaGrange and Cornelia Crowell, Mrs. Aline Oldaker of Greenwood, Mrs. Edith Thurston of Shelbyville,

Mrs. J. A. Thompson, Mrs. Arthur Pruitt and Mrs. Maurice Pruitt of Edinburg. Mrs. Nina Graham, Mrs. Lou Ong and Miss Carrie Ong of Columbus and Mrs. Alvan Moor of Rushville, were among the guests.

## Handkerchiefs Not To Be Sneezed At

(By MARGARET ROHE)  
(Written for United Press.)

It's just the little things in life That make for joy or make for strife And so small touches here and there Can make or mar the things we wear.

A perfect toilette, by a hat Can be quite spoiled and rendered flat. It can be blasted by a boot Or c'en a hankie for the snoot. So choose small things with greatest care If you'd look right in what you wear.

New York, April 23.—Spring is here! Noses are necessarily demanding and receiving much attention these days. You might say they are again or still in the running. Consequently the handkerchief as a distinctive adjunct of the smart new costumes are not to be sneezed at. They are decidedly smart and to sartorial snuff this season. Color is their keynote. The white hankie, pure and chaste, is reserved for formal dress occasions only. For all other blowouts the tinted effects are being held up to all the very best noses, retracee, Grecian, Hebraic or Roman.

Delicate pastel shades are most popular this spring, rather than the more violent tones of last season. The sheer linen and lawn squares are either in an all-over solid tint or bordered in a contrasting color. Great care must be exercised in matching up these tinted hankies with your prevailing costume, color

scheme and complexion. Quaint embroidered motifs, a basket of fruit, a gaudy butterfly, a winging bird, a tiny garland effectively brightens one corner, unless an artistic and highly colored monogram has a place on said corners. The tri-color touches are much in evidence in the best monochrom make-ups, especially in the embroidered motifs and tinting the tiny rolled hems. You can get your tri-color effect quite as patriotically with a two toned handkerchief of blue and white, providing you are wearing the nose red these vacillating days.

From nose to toes is some sheer drop. These terms are typically descriptive of the new Spring hosiery. Sheer is the word to best portray their unutterable diaphanousness, over which drop stick stripes run up and down and round and round in reckless abandon. With low black shoes, white, taupe beige and black and white striped effects are worn, as well as the openwork and drop stitch striped hose of plain thin black. With the tan, beige and grey suede oxfords and pumps, the hosiery is all perfectly matched up. Even in the tinted stockings, however, the drop stitching and peek-a-boob effects prevail. This is indeed an open season for hosiery, even if all the lace work is going to ruin an erstwhile perfectly good cache for the powder puff and bank roll. To the ubiquitous summer mosquito this open lace work makes a prodigious promise of much fatted calf.

The very delicate openwork that

demands we shoo the mosquito, demands also that we shoe the foot as well. Like their human prototypes, the best shoe vamps will continue to be long, svelte and sinuous—sort of Thedabaraish, as it were. If we must vamp, we must go the limit and keep always to the point. The short chunky vamps of the Parisian boulevards we will have none of. We continue to toe the fashionable mark long and acutely and the footprints we are leaving upon the sartorial sands are certainly some feat.

Oxfords with Cuban heels in tan or black kid, either dull or patent, are smartest for walking and tailored needs, but when you would put the best foot foremost you must do so in a smart French-heeled pump of black patent kid or satin, grey or beige suede, of cut and polished steel of gleaming silver. Ornate buckles of rhinestones and brilliant enhance the long pointed charms of the satin and metallic cloth slippers for evening wear.

## AERO PRODUCTION TO BE IN AMERICA

Director of Zeppelin Works Forecasts  
Great Future With Air Internationalized.

### OTHER NATIONS TOO SMALL

In America Planes Cannot Follow  
Routes That Will Save Hundreds  
of Miles and Hours.

By FRANK J. TAYLOR,  
(U. P. Staff Correspondent.)  
Berlin, Mar. 31. (By Mail).—Flying to America can be done, but it will never be a practical means of navigating the oceans, either the Atlantic or the Pacific, according to Ferdinand Rasch, director of the Zeppelin works at Staaken. Rasch was one of the principal engineers who developed the giant German planes for use in bombing London, planes which would carry several hundred bombs and were three times as large as a "gotha".

Rasch said the Zeppelin people have decided it is not worth while trying to develop air navigation to America. Planes would have to carry so much fuel that there would be little room for either passengers or baggage. As a mail service, the planes would be useful, but they would not be as fast as the cable, and using them for post would be an expensive matter, unless governments did it.

For short distances, Rasch sees no end of possibilities and the Zeppelin people are preparing to use their works producing a new peace machine, for cross country work there is nothing to compare to aeroplanes, according to Rasch, but the air must be internationalized, everywhere, except possibly in America, if air navigation is to be made the most of.

"European countries are too small to make air service worth while, especially with the huge Zeppelin aeroplanes," says Rasch. "The route that planes will be most useful for will be from Berlin to Paris or London, Rome or Constantinople. That is where the great savings in time will count."

"Going from our city to another in Germany, for example, will be all right for small planes, but it will not be nearly as big a possibility as the overland routes from country to country. To do this successfully, the air must be internationalized, for the benefit of all countries."

"America is the only country where this will not apply, for all other countries are too small to keep an aeroplane within them. I look for the most remarkable aero development in America, where there are vast areas uncovered by rail-

roads, or where railroads have to go around mountains.

"Planes can follow routes that will save hundreds of miles and hundreds of hours, both of which will appeal to Americans. In addition, Americans have the energy and capital to develop the air route possibilities, while European concerns are depleted in finances."

Rasch says the Zeppelin people are expecting Americans to take up the Zeppelin engine, and build factories to produce it in America. Dirigibles require a house big enough to enclose the Vatterland, the world's greatest steamer, and are more subject to wind changes. These factors make the plane the cheapest and most useful for peace work.

#### Automobiles.

The splendid support of the A. E. F. by the Motor Transport corps with its swift delivery of food and other supplies not only made possible the rapid advance of the Americans in France, but also insured that "no American soldier ever missed a meal". The men of that Corps and the Ambulance Corps have succeeded in running and repairing automobiles in most pressing emergencies and amid great danger.

Automobile drivers and repairmen who have not so much experience will find the practical handbooks useful. A good book for the private car owner is Putnam's Automobile Handbook by Brokaw and Starr, based on experience in teaching in an automobile school.

Page's "How to Run an Automobile" is a well illustrated manual. His "Modern Gasoline Automobile" is a detail description of all parts of the mechanism, with many cuts. A still more comprehensive work, for general use as well as reference, is Dyke's "Automobile and Gasoline Engine Encyclopedia".

For owners of the Ford cars, Page's Model T Ford Car is useful.

Frederick Collings in the preface to his book, "Keeping up with your Motor Car", says "this book is written so that he who reads may ride, also for the car owner to whom money is an object." It gives prac-

**—Most Women Can Have**

**Says Dr. Edwards, a Well-Known Ohio Physician**

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

## Janesville Shaft-Drive Planter

**WHAT** a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter.

Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

He was hurt internally and as a result of a wrenched spine is paralyzed in the lower limbs. Simmons lives at Westport, Ind., but had been boarding here while employed with a contracting firm.

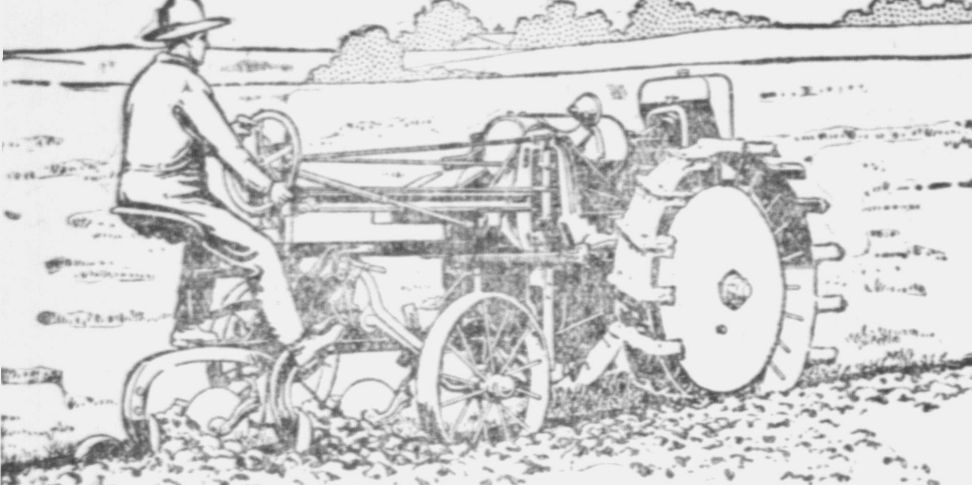

### CHAPTER DEGREE WORK

Rush Chapter No. 24 R. A. M. will have work in the P. M. and M. E. M. degree Thursday evening at 7:30. Visiting brother are welcome.

**Come On, Early Corn Planters and Beat This Spring Story**  
George W. Thomas yesterday hoed potatoes standing four inches out of the ground, in the garden at the rear of his home in North Perkins street. Several farmers have reported corn planted, but Mr. Thomas seems to hold the record for producing early potatoes. Whole potatoes which had begun to sprout, were planted three weeks ago, and soon began sending up green plants. Mr. Thomas said this morning he never remembered potatoes being above the ground this early, recalling that they are planted as frequently in May as in April.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

**MOLINE**  
**UNIVERSAL TRACTOR**  
*It Solves The Farm Help Problem*

With two 14-inch bottoms, under average plowing conditions, the new Moline Universal Tractor, Model D, plows 9 acres in 10 hours, as much as ordinary 3-plow machine. The superior efficiency of the Moline Universal is due to its higher speed, 3 1/2 miles an hour, two bottoms at 3 1/2 miles giving the same number of plow-miles as three bottoms at 2 1/4 miles.

Plowing at 3 1/2 miles an hour gives ideal results, the ground being pulverized more thoroughly than at slower speeds, with less air space. Tough sod that cannot be turned at all at 2 1/4 miles an hour is plowed with ease.

Perfect work is assured with the Moline Universal through the advantageous position of the operator, who sits on the implement, where he must sit in order to do good work. The Moline Universal is easily handled, turns short, and backs as readily as it goes forward.

Waste of time in the field is eliminated and the tractor kept at productive work a maximum number of hours a day through a complete electric starting and lighting system. The Moline Universal is the only tractor thus regularly equipped.

The secret of the speed and power of the Moline Universal lies in its perfected overhead-valve engine and two-wheel construction. The engine develops 18 horsepower at the belt, and 9 at the drawbar, every ounce of which is available for pull. There are no dead wheels to drag along that only carry weight and steer.

For plowing in extremely soft ground, the Moline Universal is equipped with a differential lock that enables the two drive wheels to be locked together, doubling their pulling power.

When plowing the land wheel is raised so that the tractor is level. The wheel is very easily and quickly raised or lowered.

The light weight of the Moline Universal, 3380 pounds, and its high clearance, 29 1/2 inches, make it adapted for all other field work, besides plowing. With it one man can plant 40 acres a day, cultivate 20 acres a day, harvest 25 acres a day, or do any other work with equal speed. It is the ideal tractor for any sized farm, practically eliminating horses and solving the farm help problem.

Five States in Seventh District  
Ready to Put Victory Liberty  
Loan Over.

**WORKERS ON THEIR TOES**

Confident Americans Will Carry  
Through the Campaign for Funds  
in a Way of Which the Na-  
tion Will Be Proud.

The preliminary publicity campaign for the Victory Liberty loan has resulted in great activity throughout the five states in the seventh federal reserve district, and in every county of these states the war loan organization workers have been busy day and night with the preparation to make a success of the coming loan. With the formal opening of the loan drive only a short time ahead, efforts are being redoubled, and the apathy of a few weeks ago has been dispelled by the aggressive campaigning methods adopted.

In each division of the district the state speakers' bureaus have arranged state-wide tours for speakers of state and national reputation. Large and enthusiastic meetings have been held daily and nightly for some time past and every day before the launching of the drive on April 21 will be filled with activity and aggressive work. The heads of the state departments have made out schedules for leading speakers, and from the meetings already held there appears to be no lack of enthusiasm, contrary to the expectations of some of the state leaders.

In addition to the whirlwind oratorical campaign schedule in all of the states, tours of the war exhibition trains, tanks and band and drill squads are now being made. The war exhibition trains will travel through every county in each state in the interest of the war loan organization, and the people will have an opportunity of viewing several carloads of war material, including tanks, cannon, airplanes, all kinds of ammunition, and many trophies captured from the Germans by the American expeditionary forces. These trains will be accompanied by a detail of returned soldiers. At most of the places at which these trains will stop special Victory Liberty loan meetings have been arranged by the local committees, and in most instances speakers of wide repute will make addresses.

A feature of the work through the district has been special county meetings of the war loan organization workers. In some instances the workers of several counties have held joint

The Model "D" 9-16 H. P. is a two-plow tractor and is built so you can attach to Rock Island No. 9 power or two-bottom tractor plow directly to the tractor. This plow is especially built for the Heider Model "D" Tractor. Your hand operates the tractor while your foot raises or lowers the plow by the automatic power lift. This gives you tractor and plow in one complete unit. Easier to handle than the ordinary

horse plow—enables you to plow up to the fences and into the corners. You plow all the field.

Heider Model "D" is also equipped with a standard drawbar for pulling other tractor plows, discs, hay tools, wagons, spreaders, binders, mowers, etc. Has power enough on the belt to run smaller sized grain separators, silo fillers, corn shellers, etc. Will pump water, saw wood and run the cream separator or washing machine.

meetings. At all of them the ways and means of making the campaign a rousing success have been discussed, and wherever possible, the state director of sales, or some other representative of the state or district organization, has been present to give the local workers the benefit of his wider experience.

Illinois reports indicate the workers are on their toes in readiness for the real campaign to start, as they are confident they will repeat their achievements of the previous popular loan campaigns. The state will be covered by the war exhibition trains, by leading speakers and a military or naval band.

A lively and enthusiastic campaign has been under way in Michigan for some time. State officials have been on the job under the leadership of State Director of Sales Frederick R. Fenton. Every county has been thoroughly organized, and reports are optimistic. County meetings have been largely attended, and at the public meetings held so far there has been no lack of enthusiasm. Every county in the state will be visited by the new United States army tanks. Great interest is being displayed in these instruments of modern warfare.

In conjunction with the speaking campaign, Iowa towns and cities will be visited by a war exhibition train similar to those touring other states, and there will be a separate tour of a band and drill squad from the Great Lakes Naval Training station. As in other states, the county meetings have been well attended by the local workers, and public meetings have shown no lessening of enthusiasm as compared to previous loans. Notable speakers are touring the state.

In Indiana the new United States battle tanks are touring the state, going overland from town to town. They have created a veritable sensation along the country highways. The state will also have a war exhibit train, as well as nationally known speakers. A number of enthusiastic meetings have been held to date. Wisconsin leaders report everything in shape for a rousing subscription drive. War exhibit trains, with tanks and bands, are enlivening the campaign and are stirring up much enthusiasm. The state and county organizations are complete, and everything is in readiness for the drive.

## BOY IN FIVE YEARS BECOMES THE OPERATOR OF A NURSERY

From garden club boy to operator of a plant nursery business in five years is a summary of what happened after James Spaden got the initial momentum from winning a five-dollar bill as a prize in Brookton, Mass. The nursery business is of such proportions that a motor-truck is required to handle it, but James, who is paying his way

through high school and intends to study at the Massachusetts Agricultural College, still gives time to helping other boys start right in gardening. He was born in Italy. Five years ago he knew nothing of gardening.

In a letter to the United States Department of Agriculture he thanks the boys' and girls' club work for helping him to success.

## PLAYS INTO HANDS OF REACTIONARIES

German Government Helping Monarchists, According to Emil Barth, Radical Leader

### DESERVES DICTATED PEACE

Threatened Revolution Can be Avoided by Popular Uprising and Establishing Dictatorship

(By United Press.)

Berlin, April 23.—The present German government is playing into the hands of the reactionaries and militarists who expect to overthrow the republic and establish the monarchy as soon as allied armies are demobilized, Emil Barth, radical leader, charged in an interview with the United Press today.

The threatened monarchial revolution may be averted, he said, by a popular uprising which would result in establishment of a proletarian dictatorship. Among other statements made by Barth was that:

Germany can and should pay for the destruction she wrought.

There is already enough food in Germany if it was fairly distributed.

France is justified in fearing Germany and demanding German militarism be positively destroyed.

President Wilson has been deceived by the present German government.

The allies made a mistake in compromising with Germany on the Danzig question and militarists believe that they can get what they want at Versailles.

Germany ought to have a dictated peace as it is all she deserves.

"As a result of my intimate observation," he prophesied, "one of two things will happen:

"There will be a second revolution, either before the peace is signed or as a result of the government refusal to accept the entente terms, resulting in the establishment of a proletarian dictatorship or the Royalists will inaugurate a counter revolution as soon as peace is signed."

### "The Silver Girl" at Mystic

"The Silver Girl" featuring Frank Keenan is the offering at the Mystic theatre tonight. "The Silver Girl," deals with the love story of a man well on in years and a friendless girl. After years of unrelenting toil in the waste places of Nevada, Hunter finds himself a millionaire. Unwillingly bringing his young wife into the swirl of New York life, he almost loses his Silver Girl. But with eyes opened, at last, through one of the greatest dramatic climaxes, the wife sees clearly the snares and pitfalls of "society," and decides that the best place is by her husband's side in Nevada. There, at last abiding gratitude gives way to Love—real abiding Love, even until the end.

This powerful screen story is interpreted by a specially selected cast which includes as Mr. Keenan's principal support, Catherine Adams, a beautiful and talented actress who display a rare emotional power which will add to her growing popularity. She is a woman's woman, just as Mr. Keenan is a man's man; and women who have debated this problem of disparity of years, both young and old, will have a treat in watching the unfolding of this remarkable story, falling at once under the compelling spell of Mr. Keenan's matchless acting.

Tomorrow, "The Millionaire Pirate," starring Monroe Salisbury, is advertised.

### Theda Bara at Princess

Theda Bara in "When a Woman Sins," is the offering at the Princess theatre tonight.

The story of "When a Woman Sins," centers around Poppea, a nurse, who, unjustly accused, feels the wild impulses in her blood and becomes a dancer and a notorious woman. At her feet men fling their wealth, their hopes and their lives, but she toys with them, until she meets a young divinity student. Upon his steel-fibered character her affections are of no avail. In despair, and weary of the life she is leading, she is about to commit suicide when he sends her a message of forgiveness in a bunch of lilies.

## Acme Pig Meal

"Loogootee, Ind., Feb. 26, 1919.

"Gentlemen:—My 8 pigs were 6 weeks old, and weighed 168 pounds when I commenced to feed them ACME PIG MEAL, equal to milk. These 8 pigs ate 100 pounds of ACME PIG MEAL in 24 days, and they weighed 258 pounds, making a gain of 90 pounds in 24 days, or 11½ pounds per head in 24 days, or nearly a half a pound a day per head. This I consider a good gain for winter pigs 6 weeks old.

"Yours very truly,

"WM. SULT."

P. S.—You will notice that these pigs ate on an average of 15 pounds of ACME PIG MEAL per month per head, and that their gain for a period of 30 days would amount to 14 pounds and 6 ounces, and that the cost of this gain and growth was \$5.07 for each 100 pounds. I contend that there is no other ration that would produce an equal growth on weaned pigs at this cost.

PETITION OF BANKRUPT FOR DISCHARGE

In the Matter of Benjamin A. Cox, Bankrupt.  
No. 4752 in Bankruptcy.  
District of Indiana, ss:  
On this 15th day of April, A. D. 1919, on reading the petition of the bankrupt for discharge, it is ordered by the court, that a discharge be had upon the same on the 27th day of May, A. D. 1919, before said Court, at Indianapolis, in said District, at nine o'clock in the forenoon, and that notice thereof be published twice in the Rushville Republican, a newspaper printed and sold in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause why they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the Court, that the Clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

Witness, the Honorable Albert B. Anderson, Judge of said Court, and the seal thereof at Indianapolis, in said District on the 15th day of April, A. D. 1919.  
NOBLE C. BUTLER, Clerk.

## BUILD NOW!

Time, opportunity and need—all beckon you to build now. Promote the home beautiful and community beautiful plan, start local activities in trade, employ labor—especially the returning soldiers and sailors looking for occupation. It's the patriotic thing to do, it's the sensible thing to do, it's the profitable thing to do. Our community has grown a little bit shabby; it has halted somewhat in its progress. No fault of ours. The government during the war

withheld the use of building materials. The ban is now removed. Unless we get busy now, if we do not progress, then the fault will be ours. It's up to you investors and home builders. The need is great for new homes, new and modern office buildings and stores, sanitary factories. Put money in circulation, employ labor. It will make our community prosperous, interprising, active, progressive and return to the investor remarkable dividends.

## PRESIDENT WILSON DECLARES ITALY CAN NOT HAVE FIUME

Possession of This Seaport is Bone  
of Contention Resulting in  
Italians Withdrawing

### WILSON ISSUES STATEMENT

Says America Must Stand by Prin-  
ciples Already Enunciated in  
Making Decisions

### NO NEW SET FOR THE BALKANS

Points Out Situation at Time of  
London Pact. Altered by Estab-  
lishment of New States

(By United Press.)

Paris, April 23.—President Wilson  
declared flatly this afternoon that  
Italy cannot have Fiume.

Possession of this seaport is the  
bone of contention which has re-  
sulted in Italy threatening to with-  
draw from the peace conference.

Nothing remains for Italy to do  
but put threat into execution or  
back down completely.

Italian delegates also failed to  
attend this afternoon's session of  
the Big Four.

President Wilson issued a state-  
ment, declaring America must stand  
by the principles it has already en-  
unciated in making decisions re-  
garding Italy's claims. A new set  
of principles cannot be established  
for the Balkans, he said.

Wilson pointed out that the situa-  
tion existing at the time the pact of  
London was signed in 1915 has been  
altered by dissolution of Austria-  
Hungary and establishment of new  
Balkan states.

He insisted that the peace confer-  
ence must apply the principles es-  
tablished in the armistice and the  
fourteen points.

If those principles are to be ad-  
hered to, Fiume must serve as an  
outlet for the commerce not only of  
Italy, but of the lands to the north-  
east—Hungary, Bohemia, Roumania  
and the new states of the Jugo-  
Slovak groups.

"To assign Fiume to Italy would  
be to create a fear that would serve  
to deliver the port upon which those  
countries chiefly depend for access-  
ion to the Mediterranean, into the  
hands of a power of which the na-  
tions did not form an integral part,  
and whose sovereignty, if such there  
be, would seem foreign, not domes-  
tic."

The president concluded by point-  
ing out that the fear of aggression  
existing at the time of the pact of  
London no longer exists.

The deadlock in the Italian situa-  
tion was declared by some dele-  
gates to be worse ever since the  
conference between Premier Lloyd  
George and Premier Orlando last  
night.

Italy now intends to begin con-  
versation with Germany looking to-  
ward a separate peace. Indications  
were that they expect to obtain coal  
from Germany and food from Uk-  
rainia instead of from Great Britain  
and America.

The Big Four was expected to  
continue today the discussion of the  
Japanese claims to Chinese territo-  
ry, based on the secret treaty to  
which Great Britain, France, Russia  
and Japan were parties.

Japanese and Chinese represen-  
tatives presented their respective  
cases yesterday afternoon. It was  
understood that the United States  
has made known its recession from  
its stand that the pact constitution,  
the foundations of Japanese claims,  
and all other secret agreements was  
nullified by acceptance of the arm-  
istice terms.

It is known the majority of the  
peace delegates are inclined to fa-  
vor China's contention that Kiao Chan  
and the Shantung peninsula, seized

### Italians Say Wilson Has Broken up Peace Conference.

Paris, April 23.—President  
Wilson statement has broken  
up the peace conference, a num-  
ber of Italian delegates de-  
clared this afternoon. The de-  
legates said that Premier Or-  
lando will leave for home tonight  
or tomorrow and the remain-  
der of the delegates will go as  
quickly as possible there after.  
Orlando declined to comment  
on the president's statement be-  
yond intimating that Italy's re-  
sponse might take the form of  
"some definite action." This  
was interpreted as meaning  
practical withdrawal.

from Germany by Italians during  
war, should revert to China inas-  
much as Germany obtained posses-  
sion of them by force.

In British circles it was reported  
that the Big Four expressed a de-  
sire to defer settlement of the ques-  
tion until after peace is signed, the  
peace treaties merely decreeing that  
Germany shall lose her right in Chi-  
na. From the same source it was  
learned the Chinese delegates have  
agreed to consult their government  
as to whether this course would be  
satisfactory. The Japanese stated  
that such a plan would be directly  
opposed to Japan's demand and that  
the Japanese delegation, particularly  
the military section, is now firmly  
determined to settle the matter at  
once.

## Not To Attend Peace Meeting At Versailles

Paris Correspondent of Tribune  
Says Italian Delegates Will Not  
Meet With Germans. Threats Seen  
in Correspondence to Rome  
Papers.

### CAN'T CUT ITALY'S PROGRAM

(By United Press.)

Rome, April 23.—The Paris cor-  
respondent of the Tribune reported  
today that the Italian delegates will  
not attend the meeting with German  
peace delegates at Versailles.

"The Adriatic is far from being  
Italy's," said a correspondent. "The  
resistance against Italy's claims  
grows." The struggle becomes more  
bitter daily.

Another correspondent wires:  
"The allies erred in believing they  
could amputate Italy's program to a  
minimum of our national aspira-  
tions."

"Whatever happens Italy's victory  
will not be crippled.

"The territory conquered by our  
allies will remain Italian whether  
agreement is reached with our allies  
or not."

## VALUATIONS HIGHER THERE

Shelby County's Appraisements  
Raised More Than Rush County's

Earl Priest, county assessor, who  
held a conference with the Shelby  
county assessor yesterday, declares  
that personal property is being as-  
sessed higher there than in Rush  
county. He quoted the Shelby county  
assessor as estimating that the ap-  
praised valuation of all classes of  
property would be raised from \$20,-  
000,000 to \$30,000,000. This is a  
much greater increase than it is be-  
lieved will be made here. The pre-  
sent valuation of property for taxa-  
tion purposes in this county is \$24,-  
000,000. Real estate and improve-  
ments are being assessed at about  
the same average figure as in Rush  
county, according to Mr. Priest.

## LARGEST ISSUE ROAD BONDS EVER OFFERED

Will be Sold Thursday, May 8, Their  
Combined Par Value Amounting  
To \$161,716.

### TO BUILD FIVE HIGHWAYS

The largest offering of road bonds  
ever advertised in the history of  
Rush county will be sold to the  
highest bidders at the county treas-  
urer's office on Thursday May 8.  
The bonds are to be sold to obtain  
the money needed to construct five  
roads under the three-mile road law,  
four of which are to be built of ce-  
ment.

Bids will be received up until 2  
p. m. on May 8 and the bonds will  
not be sold for less than par and  
accrued interest. They will draw  
four and a half percent, payable  
semi-annually.

The par value of the bonds total  
\$161,716 and are issued to build the  
following roads: John G. Beale ce-  
ment road in Rushville township,  
\$49,280; William T. Moore macadam  
road in Richland township, \$19,840;  
John R. Weir cement road in Noble  
township, \$33,396; Willard Tribbey  
cement road in Posey township,  
\$22,240; John H. Power road in  
Rushville township, \$36,960.

## BACK HOME AFTER 2 YEARS OF SERVICE

Frank Owens, Member of Famous  
Second Division, Receives Dis-  
charge at Camp Taylor.

### IN MANY OF THE BIG BATTLES.

Private Frank Owens arrived  
home last night, having been dis-  
charged from the military service at  
Camp Taylor, Ky. Private Owens  
is the son of Mr. and Mrs. H. C.  
Owens of North Morgan street. He  
was in France for a period of fif-  
teen months, having seen two years  
military service. He was a member  
of that famous Second Division of  
the Regular army, which stood the  
brunt of the heaviest fighting during  
the first few months that America  
took part in the fighting.

He served at Chateau Thi-  
erry, Soissons, the Argonne Wood,  
and on the Meuse. Private Owens  
was lucky in being sent home at this  
time as he fell ill with influenza and  
was sent back from Coblenz, where  
he was stationed, and in an acciden-  
tal way became connected with a  
hospital unit on its way home and  
in this manner crossed to this coun-  
try and received his discharge. He  
arrived in New York on the evening  
of March 24 and was sent to Camp  
Taylor, where he received his dis-  
charge.

## EMBEZZLEMENT CASE IS NOLLED

Indictment Against William Garri-  
gus, Former C. I. & W. Freight  
Agent, Off Docket

### SETTLEMENT IS EFFECTED.

Case of Hancock County, on a Con-  
tract, Starting Before Jury in  
Circuit Court Today

The case of the state on the rela-  
tion of the Martinsville Brick com-  
pany against George Cyder, which  
was set here on a change of venue  
from Hancock county, began before  
a jury in the circuit court this  
morning and was expected to contin-  
ue all day today and part of tomor-  
row.

Judge Sparks yesterday afternoon  
nolled the case of the state against  
William Garrigus, former C. I. & W.  
freight agent, who was indicted for  
embezzlement, because of the lack of  
evidence. The motion to nolle was  
filed by the prosecuting attorney and  
the prosecuting witnesses.

It is understood that Garrigus,  
who now lives in Crawfordsville,  
paid back to local people money  
which he borrowed to make up an  
alleged shortage in his accounts at  
the freight office. Some of his  
friends here are said to have loaned  
him money and others went security  
for him and eventually had to pay.

The case has been on the docket  
for more than a year and has been  
repeatedly postponed while at-  
tempts were being made to effect a  
settlement. It is reported that a set-  
tlement was once made and the  
checks issued, but payment was  
stopped on them before any, with  
the exception of one, had been  
cashied.

Judge Sparks has sustained the  
motion of the defendants to quash  
the writ of habeas corpus in the  
case of William A. McDonald of  
Connorsville against Luther Short,  
superintendent of the Soldiers and  
Sailors Orphans' home, and the  
board of trustees of the home. The  
plaintiff was endeavoring to regain  
the custody of his children who were  
placed in the home several years  
ago. A writ was issued by the  
court, returnable April 12, on which  
date the defendants filed a motion  
to quash. The court's action in sus-  
taining the motion, yesterday is in  
effect a finding for the defendants  
and will result in the children re-  
maining in the home.

Four law suits have reached the  
Rush circuit court on a change of  
venue from the Hancock circuit  
court at Greenfield, three of which  
are against Lones Freedman, Louis  
Barens, Charles V. Hickson and the  
Citizens Natural Gas, Oil & Water  
company of Shelbyville. The plain-  
tiffs, Roseoe Pentland, Earl M. and  
Grace E. Thomas and Philander  
Collyer, allege that the defendants  
have appropriated real estate which  
belongs to them. They demand the  
return of the property and Pentland  
asks \$1,000 damages, Earl and  
Grace Thomas demand \$1,500 dam-  
ages and Collyer \$1,000. The fourth  
suit from Hancock county was that  
of Nathan W. Hight against Thomas  
H. New and son for \$2,500. It is  
a complaint on a check.

The case of the Ajax Rubber com-  
pany against Wilbur E. Chance, on  
an account, for \$175, was dismiss-  
ed in court yesterday and the costs  
were paid.

The jury hearing the trial today  
was composed of the following men:  
J. S. Hammond, Oliver M. Offatt,  
Rufus Rhodes, Walter Barnes, R. S.  
Davis, Grant Miller, Frank Cross,

## MORE THAN THIRD OF QUOTA IS SOLD

Reports From Banks Today Show  
\$293,970 Worth of Victory Notes  
Subscribed For Here

### EARLY OPINIONS REVISED

Reports Are Slow in Reaching The  
County Sales Director Who  
Hears From Only 2 Townships

More than one-third of the coun-  
ty's quota of \$825,000 on the Vic-  
tory Liberty loan has been sold  
through the banks, according to re-  
ports from the thirteen financial in-  
stitutions in the county today.

Total sales actually reported to  
the bank amounts to \$293,970. This  
sum is expected to be rapidly in-  
creased from day to day as the re-  
ports begin to come in from solici-  
tors which are at work in most  
townships of the county.

Arrangements were perfected be-  
fore this loan began for all reports  
of sales to be made to T. M. Green,  
county sales director, but this has  
not been done, as evidenced by the  
fact that almost \$300,000 worth of  
liberty notes have been sold and  
sales amounting to only \$31,350  
have been reported to Mr. Green.

Anderson township this morning  
announced additional subscriptions  
amounting to \$2,200, which makes  
\$11,050 from that township received  
by canvassers. Orange township is  
the only other township heard from  
by Mr. Green. That township yester-  
day reported subscriptions  
amounting to \$21,300, of which  
\$13,050 was sold in the road district  
in the southeastern part of the town-  
ship.

The opinion that the Victory Lib-  
erty notes would be readily sold in  
Rush county was slightly revised  
today when the total of the banks  
sales became public. It had been  
thought that the volunteer subscrip-  
tions would amount to a greater  
sum than they did. Included in the  
reports from the banks today are  
some subscriptions which have been  
taken by canvassers and turned over  
to the banks.

Judging from the way reports are  
coming in to the county sales direc-  
tor the canvassing is not general  
throughout the county. It is known  
that some districts in Rushville  
have been visited by soliciors but  
reports are very slow in reaching  
Will M. Sparks, township sales di-  
rector.

The only event on the Liberty  
loan program is the war exhibit  
train which will be here next Wed-  
nesday morning. It is expected that  
this exhibit will be here on scheduled  
time and not disappoint the people  
like the whippet tank, which broke  
down enroute. It is not now believed  
that the tank will ever complete the  
tour of the state.

## SALES FIRST 2 DAYS TOTAL 500 MILLION

If The Pace is Maintained, Minimum  
Loan Quota Can be Obtained  
Without Difficulty.

### 250 MILLION DAILY NEEDED.

Washington, April 23.—Treasury  
officials today estimated the sales  
of Victory loan bonds for the first  
two days of the campaign would to-  
tal \$500,000,000.

Incomplete reports received up to  
noon today told of high totals being  
rolled in from every federal reserve  
district. If the pace set for the first  
two days is maintained, officials say  
the minimum of \$4,500,000,000  
would be obtained without difficulty.  
An average of 250,000,000 daily  
must be kept up to finish the job on  
time.

## LUXURY TAX TO BE IN EFFECT MAY 1

Again the Indifferent Little Penny  
Will Come Into Its Own Place  
When Buying

### MANY ARTICLES IN LIST.

Tax on Ice Cream and Soft Drinks  
Will be One Cent for Every  
Ten Cents Worth

The so-called luxury taxes pro-  
vided in the new internal revenue  
law become effective May 1 and af-  
fect ice cream, sodas, surdaes, and  
all soft drinks, all bottled beverages  
made of cereals or substitutes and  
containing less than one-half of 1  
per cent. of alcohol, unfermented  
grape juice, root beer, sarsaparilla,  
pop, artificial mineral waters.

While not classed particularly as  
luxuries carpets, rugs, picture  
frames, trunks, portable lighting fix-  
tures, umbrellas, fans, women's and  
misses hats, bonnets and hoods and  
men's and boys' hats, shoes, neck-  
ties, shirts and pajamas also will be  
taxed.

The tax on ice cream and soft  
drinks will be 1 cent for each 10  
cents or fraction thereof of the  
amount paid by the consumer. On  
bottled beverages the tax is 15 per  
cent, while on grape juice, ginger  
ale, root beer, sarsaparilla, pop and  
mineral waters the tax will be 10  
per cent.

The tax on carpets, rugs, etc., will  
be 10 per cent. of the price paid in  
excess of a certain fixed amount,  
which, in the case of women's hats  
is \$15, and in the case of men's and  
boys' hats, neckwear, shirts, etc., is  
\$5.

The provisions of the revenue law  
which take effect on May 1, will ap-  
ply to proprietary remedies and  
many toilet accessories and the tax  
will be one cent for each twenty-five  
cents or fraction thereof of the  
amount paid by the consumer. Re-  
venue stamps will be affixed to the  
articles sold and the retailer will be  
responsible for the collection of the  
tax.

William H. Smith, chief deputy to  
Peter J. Krueyer, collector of inter-  
nal revenue, announces that the  
stamps will be ready for next week.  
The stamps are in the denomina-  
tions of 1c, 2c, 3c, 4c, 5c, 8c, 10c,  
20c and 40c.

The following are articles listed  
to be taxed:

Perfumes, essences, extracts, toil-  
et waters, cosmetics, petroleum jel-  
lies, hair oils, pomades, hair dress-  
ings, hair restoratives, hair dyes,  
tooth and mouth washes, dentifri-  
cials.

## Everywhere! Every Day!

Daily newspapers cover the  
United States, and the low  
cost of reaching daily news-  
paper readers is remarkable.  
For \$862.96 per inch you  
may reach 28,625,000 per-  
sons who buy newspaper,  
to say nothing of the fam-  
ilies at home who read  
them. This is at the rate  
of \$301.42 per million cop-  
ies.

Canadian newspapers have  
relatively the same circula-  
tion in proportion to popu-  
lation.

Every man or woman in  
North America who can  
read, is a newspaper read-  
er.

Newspaper advertising is  
not only the least expensive  
advertising, but the most  
efficient of all.

## Now---The True Test of Patriotism

Under the stress and terror of war it didn't take a great deal of patriotism to buy bonds.

But your bonds helped crush German militarism, brought Victory and again we are at peace.

Now, when the enemy no longer threatens, you are put to the true test of patriotism.

Be the first to subscribe—show the peoples of the world that America can finish the job in the glorious manner in which her army and navy overcame every obstacle before them.

### Days Pitfalls

The small child of Mr. and Mrs. Amrhein of near Clarksburg is reported to be seriously ill with the pneumonia.

The Orange high school will give their play "Kicked Out of College" Friday night at the Odd Fellow's hall in Falmouth.

Harry Myers of North Harrison street, who has been ill of the influenza for the last few days is reported as improving nicely.

Elmer Drake of Circleville, who was operated on at Sexton's hospital yesterday for the appendicitis, is reported as improving nicely.

A baby boy weighing nine pounds was born to the wife of Frank George of North Perkins street this morning. The baby was named William Henry.

An error was made yesterday in stating that a baby girl was born to the wife of James Gregg. Instead the baby was born to the wife of Henry Gregg.

Mr. and Mrs. Charles Moore are expecting their son, Donald, to arrive in New York in a short time. He was transferred to the evacuation hospital and is with the 2nd or Rainbow Division.

Born to the wife of Byron Jones of Lebanon, Ind., this morning, a seven and one-half pound baby boy, who has been named Byron Lester. Mrs. Jones is the granddaughter of Mrs. Sarah E. Ball of this city.

Alfred, the infant son of Mr. and Mrs. Carlos Mansfield of Milroy who died yesterday was buried in the Milroy cemetery this morning following a short service at 10 o'clock. The child was only a few days old.

Lot No. 136 in Sexton's addition to Rushville was sold at sheriff's sale today for \$51 to A. R. Herkless to satisfy a judgment of \$96.57 awarded Mr. Herkless against Leander Litteral in the circuit court here.

The commencement exercises of the Arlington high school will be held tomorrow evening in the M. E. church in Arlington at 8:30 o'clock. The Rev. A. E. Brown, pastor of the Main Street Christian church of this city will deliver the address.

The police have turned the car that contained the "booze" being hauled through here by Frank Lentz who was sentenced to the State farm, over to Bowen's garage for repairs. It will later be sent to Indianapolis and it is thought that it will be returned to Lentz after he serves his time at the penal farm.

Mr. and Mrs. Hiff Staples arrived home from Canada yesterday, according to advices received here. Mr. Staples is the son of Mr. and Mrs. Benjamin Staples of Richland township. Mr. Staples resigned his position at Quebec as physical director in the Y. M. C. A. on account of ill health. They are visiting Mrs. Staples' mother, Mrs. Crooks, of Greensburg at present.

### SUIT RESULT OF ACCIDENT

John Woodward Asks \$200 for Damages to Automobile.

A suit for damages was filed in the Shelby county court yesterday as the result of an accident on the Rushville pike, between Moscow and Waldron some time ago. The suit was filed by John Woodward against George Metzger. The plaintiff alleges the defendant owned and operated a gas pipe pulling machine and that employees of the defendant had negligently set the machine up along the side of the Rushville pike, stretching a wire across the road; that he ran into the wire with his auto, demolishing the radiator and other parts of the machine. Damages to the amount of \$200 are asked.

## DEATH COMES SUDDENLY

Henry Putnam, Age 81, Expires of Heart Disease at Glenwood

Henry Putnam, age 81, died at his home near Glenwood last night at 3:30. Death came suddenly and it is thought that it was caused by heart failure. He is survived by the widow, two daughters and two sons. The funeral services will be held tomorrow afternoon at 2:30 at the Glenwood Methodist church and burial will be made in the Glenwood cemetery.

### HOW'S YOUR BLOOD?

Pimples and Eruptions Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and barks such as Dr. Pierce's Golden Medical Discovery is and has been for nearly 50 years. Ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulation begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and all skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

Get Dr. Pierce's Golden Medical Discovery to-day at any medicine dealers, in tablet or liquid form, or send 10c for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Grand Rapids, Wis.—"I am a great believer in Dr. Pierce's medicines. When in a delicate condition, I had cesarea very bad. I took 'Golden Medical Discovery' and it cured me and I have never had any trace of it since. When my baby was born he was broken out. I gave him the 'Discovery' and it cured him, also. I don't think my child would have lived only for this remedy. After the birth of baby I was miserable. I would have pain and headaches. I took medicines but got no relief. Finally, I began taking 'Favorite Prescription' and in the next month I was all right—felt fine, and have been well ever since. 'I can recommend all Dr. Pierce's medicines for they did wonders for me and for my family.'—Mrs. Anna Zoller, 545 10th Ave., North.

## Ruptured 21 Years Finds Relief At Last

This is the experience of Mr. Theo. C. Jarvis, 320 W. Fifth St., Rushville, Ind., well known Interior Decorator. Mr. Jarvis had tried every kind of truss he could hear of without the slightest benefit. His double rupture became steadily worse. Finally he found something that really helped him, something that promises speedy relief. He feels so grateful that he wants every ruptured person to know about his discovery. Mr. Jarvis has nothing to sell. He simply wants to help other sufferers. Call at his home or write him and he will gladly give you the benefit of his experience and will not charge you a penny.

**Roads Need Attention**

Rush county is about to sell bonds to construct close to \$150,000 worth of permanent roads. This probably will not represent the expenditure for highways with a hard surface this summer because all of the roads so far constructed will be built under the three mile law. There will likely be others constructed at a much greater cost under the county unit law, which gives the county commissioners much more power and makes available for road construction this year the sum of \$480,000.

While Rush county is going into the business of building permanent roads on a large scale, it is well to remember that roads of this character, as well as macadam and gravel roads, in time need attention. The life of the cement road is estimated at fifteen years, but it can probably be made to last much longer if it is given the proper care. The first break or crack in a cement road should be promptly repaired, for if the break is allowed to grow larger,

it will reach a point where repair will be next to impossible.

The roads of Rush county are in fairly good shape, but they would all be in excellent condition if the road officials felt the responsibility of their position and all, as some do, realized how vital good roads are to the life of the community. They are the arteries of commerce for Rush county, a strictly agricultural community, which must depend in a large measure for its sustenance on the produce that is hauled over its highways to the markets.

The present generation must not lose sight of the fact that in building permanent roads, they are not only doing themselves a good turn, but likewise are making it easier for the generation that is to come. Neglecting the roads is a serious offense against the commonwealth, whether the roads be gravel, macadam, cement or brick, and road officials should never forget that they are charged with a mission which is essential to the welfare of the whole county.

Road officials must not grow careless as the mileage of hard-surfaced roads increases, thinking that they will take care of themselves, but should be as much on the alert as ever, because to allow a cement road, for instance, to fall into disrepair, would be a greater offense than neglecting a macadam road because the investment is greater and the proportionate loss due to failure to repair in time will be much larger.

An expert student of primitive man states that in the cave drawings all the women are represented as being very stout. From this he argues that the cave man's type of feminine beauty was a fat woman. Probably it was not much more trouble to supply a large tiger skin than a small one, but if primitive man had had to clothe his women-kind in broadcloth at \$4.00 a yard, he would doubtless have greatly preferred the slender and willowy type.

It must simply be awful to be a fat coward who can't run.

Seems as though stinginess breeds wrinkles, for every tightwad has them.

There is but one remedy for trouble, and that is to lose yourself in useful work.

When you run out of arguments all is not lost—you can still get mad and call names.

The future is hard to forecast, but you can bet that sooner or later you'll get the rheumatism.

In feudal countries Bolshevism is the extreme swing of the pendulum, and we know that a pendulum always swings back.

Now that the Monroe doctrine has become a member of the League of Nations, the League will probably soon be ready to take the field.

By the way, in our opinion either Lenin or Trotsky would make an excellent pendulum.

\*\*\*\*\*

Although Senator James E. Watson does not now maintain a home here, he has repeatedly stated that he still calls Rushville home and intends to remain here. The following from the Washington correspondence of the Indianapolis Star further emphasizes his declarations in this respect:

Senator James E. Watson's home is Rushville, Ind., and he doesn't care who know it. Rather than have it stand idle while he is in Washington he sold his big house there some time ago, but nevertheless Rushville remains home to him. A few weeks ago the senator and some Indiana friends registered together at a New York hotel. The friend, who had entered the hotel in advance, registered for Watson, giving Washington as his place of residence. But when the senator came in he took one look at the register, seized a pen, scratched out Washington and wrote "Rushville, Ind." across the page.

## WASHINGTON ADMITS SHOOTING DETECTIVE

Negro Confesses to Greensburg Murder, According to Inspector of Detectives.

### BIG 4 DETECTIVE KILLED.

Indianapolis, Ind., April 23.—Announcement was made late Tuesday by Jerry Kinney, inspector of detectives, that Thomas Washington, one of the two negroes held in jail in connection with the murder of Elmer Robbins, railroad detective, who was shot and killed last week at Greensburg, had confessed to detective Rademacher that he was the one that shot Robbins.

Washington had previously accused John Hancock, who was arrested with him, as the man that fired the shot. Hancock, in turn accused Washington. Both were arrested by railroad detectives when they were found in a freight car in the Big Four railroad yards, near Beech Grove, after they had escaped from other officers at Greensburg.

According to the detectives, Wash-

ington and Hancock first held up William Scholty, 850 North Dearborn street, an alleged "bootlegger", and took a quantity of whiskey from him. Scholty then telephoned to the Greensburg police department, telling them he was a federal agent, and asked them to be on the lookout for the negroes. Robbins, with the sheriff and other members of the police department, was searching for the negroes when he was shot.

## It's Travel--Satisfaction and Common Sense

It is altogether remarkable that any automobile should become famous for economy and usability on the one hand and equally famous on the other as the easiest riding car on the road—for the practical side of motoring seldom goes hand in hand with comfort and fineness. The FRANKLIN SEDAN gives unmatched economy, comfort and usability. They are all the result of common cause—the principles of AIR-COOLING, LIGHT WEIGHT and FLEXIBILITY. No other car combines these principles and for this reason, FRANKLIN records have stood unequalled for over 17 years. The FRANKLIN car keeps going when most other cars must stop. ### Handkerchiefs Not To Be Sneezed At

(By MARGARET ROHE)

(Written for United Press.)

It's just the little things in life That make for joy or make for strife

And so small touches here and there Can make or mar the things we wear.

A perfect toilette, by a hat Can be quite spoiled and rendered flat.

It can be blasted by a boot Or even a hankie for the snoot. So choose small things with greatest care

If you'd look right in what you wear. New York, April 23.—Spring is here! Noses are necessarily demand-

ing and receiving much attention these days. You might say they are again or still in the running. Consequently the handkerchief as a distinctive adjunct of the smart new costumes are not to be sneezed at. They are decidedly smart and up to sartorial snuff this season. Color is their keynote. The white hankie, pure and chaste, is reserved for formal dress occasions only. For all other blowouts the tinted effects are being held up to all the very best noses, retronose, Grecian, Hebraic or Roman.

Delicate pastel shades are most popular this spring, rather than the more violent tones of last season. The sheer linen and lawn squares are either in an all-over solid tint or bordered in a contrasting color. Great care must be exercised in watching up these tinted hankies with your prevailing costume, color

scheme and complexion. Quaint embroidered motifs, a basket of fruit, a gaudy butterfly, a winging bird, a tiny garland effectively brightens one corner, unless an artistic and highly colored monogram has a place on said corners. The tri-color touches are much in evidence in the best mouchoir make-ups, especially in the embroidered motifs and tinting the tiny rolled hems. You can get your tri-color effect quite as patriotically with a two toned handkerchief of blue and white, providing you are wearing the nose red these vacillating days. From nose to toes is some sheer drop. These terms are typically descriptive of the new Spring hosiery. Sheer is the word to best portray their unutterable diaphanous-ness, over which drop stick stripes run up and down and round and round in reckless abandon. With low black shoes, white, taupe beige and black and white striped effects are worn, as well as the openwork and drop stitch striped hose of plain thin black. With the tan, beige and grey suede oxfords and pumps, the hosiery is all perfectly matched up. Even in the tinted stockings, how-ever, the drop stitching and peek-a-hoo effects prevail. This is indeed an open season for hosiery, even if all the lace work is going to ruin an erstwhile perfectly good cache for the powder puff and bank roll. To the ubiquitous summer mosquito this open lace work makes a prodigal promise of much fatted calf. The very delicate openwork that

demands we shoo the mosquito, de-mands also that we shoe the foot as well. Like their human prototypes, the best shoe vamps will continue to be long, svelte and sinuous sort of Thedabaraish, as it were. If we must vamp, we must go the limit and keep always to the point. The short chunky vamps of the Parisian boulevards we will have none of. We continue to toe the fashionable mark long and acutely and the footprints we are leaving upon the sartorial sands are certainly some feat.

Oxfords with Cuban heels in tan or black kid, either dull or patent, are smartest for walking and tail-ored needs, but when you would put the best foot foremost you must do so in a smart French-heeled pumps of black patent kid or satin, grey or beige suede, fairly glittering with huge buckles of cut and polished steel of gleaming silver. Ornate buckles of rhinestones and brilliants enhance the long pointed charms of the satin and metallic cloth slippers for evening wear.

## AERO PRODUCTION TO BE IN AMERICA

Director of Zeppelin Works Forecasts  
Great Future With Air Internationalized.

OTHER NATIONS TOO SMALL

In America Planes Cannot Follow  
Routes That Will Save Hundreds  
of Miles and Hours.

By FRANK J. TAYLOR.  
(U. P. Staff Correspondent.)  
Berlin, Mar. 31. (By Mail).—Flying to America can be done, but it will never be a practical means of navigating the oceans, either the Atlantic or the Pacific, according to Ferdinand Rasch, director of the Zeppelin works at Staaken. Rasch was one of the principal engineers who developed the giant German planes for use in bombing London, planes which would carry several hundred bombs and were three times as large as a "gotha".

Rasch said the Zeppelin people have decided it is not worth while trying to develop air navigation to America. Planes would have to carry so much fuel that there would be little room for either passengers or baggage. As a mail service, the planes would be useful, but they would not be as fast as the cable, and using them for post would be an expensive matter, unless governments did it.

For short distances, Rasch sees no end of possibilities and the Zeppelin people are preparing to use their works producing a new "peace machine. For cross country work there is nothing to compare to aeroplanes, according to Rasch, but the air must be internationalized, everywhere, except possibly in America, if air navigation is to be made the most of.

"European countries are too small to make air service worth while, especially with the huge Zeppelin aeroplanes", says Rasch. "The route that planes will be most useful for will be from Berlin to Paris or London, Rome or Constantinople. That is where the great savings in time will count.

"Going from our city to another in Germany, for example, will be all right for small planes, but it will not be nearly as big a possibility as the overland routes from country to country. To do this successfully, the air must be internationalized, for the benefit of all countries.

"America is the only country where this will not apply, for all other countries are too small to keep an aeroplane within them. I look for the most remarkable aero development in America, where there are vast areas uncovered by rail-

**Ruddy Cheeks—Sparkling Eyes—Most Women Can Have**

**Says Dr. Edwards, a Well-Known Ohio Physician**

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

### Come On, Early Corn Planters and Beat This Spring Story

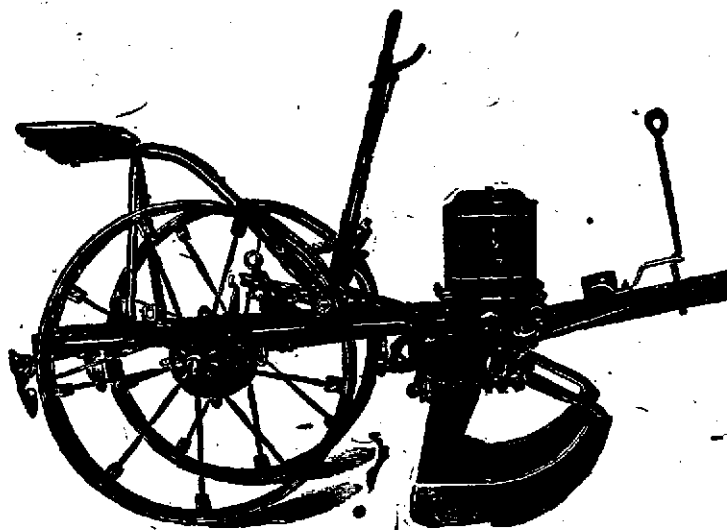

George W. Thomas yesterday hoed potatoes standing four inches out of the ground, in the garden at the rear of his home in North Perkins street. Several farmers have reported corn planted, but Mr. Thomas seems to hold the record for producing early potatoes. Whole potatoes which had begun to sprout, were planted three weeks ago, and soon began sending up green plants. Mr. Thomas said this morning he never remembered potatoes being above the ground this early, recalling that they are planted as frequently in May as in April.

## Janesville Shaft-Drive Planter

**WHAT** a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter.

Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

## UNIVERSAL TRACTOR

It Solves The Farm Help Problem

With two 14-inch bottoms, under average plowing conditions, the new Moline Universal Tractor, Model D, plows 9 acres in 10 hours, as much as ordinary 3-plow machine. The superior efficiency of the Moline Universal is due to its higher speed, 3 1/2 miles an hour, two bottoms at 3 1/2 miles giving the same number of plow-miles as three bottoms at 2 1/4 miles.

Plowing at 3 1/2 miles an hour gives ideal results, the ground being pulverized more thoroughly than at slower speeds, with less air space. Tough sod that cannot be turned at all at 2 1/4 miles an hour is plowed with ease.

Perfect work is assured with the Moline Universal through the advantageous position of the operator, who sits on the implement, where he must sit in order to do good work. The Moline Universal is easily handled, turns short, and backs as readily as it goes forward.

Waste of time in the field is eliminated and the tractor kept at productive work a maximum number of hours a day through a complete electric starting and lighting system. The Moline Universal is the only tractor thus regularly equipped.

The secret of the speed and power of the Moline Universal lies in its perfected overhead-valve engine and two-wheel construction. The engine develops 18 horsepower at the belt, and 9 at the drawbar, every ounce of which is available for pull. There are no dead wheels to drag along that only carry weight and steer.

For plowing in extremely soft ground, the Moline Universal is equipped with a differential lock that enables the two drive wheels to be locked together, doubling their pulling power.

When plowing the land wheel is raised so that the tractor is level. The wheel is very easily and quickly raised or lowered.

The light weight of the Moline Universal, 3380 pounds, and its high clearance, 29 1/4 inches, make it adapted for all other field work, besides plowing. With it one man can plant 40 acres a day, cultivate 20 acres a day, harvest 25 acres a day, or do any other work with equal speed. It is the ideal tractor for any sized farm, practically eliminating horses and solving the farm help problem.

Five States in Seventh District Ready to Put Victory Liberty Loan Over.

### WORKERS ON THEIR TOES

Confident Americans Will Carry Through the Campaign for Funds in a Way of Which the Nation Will Be Proud.

The preliminary publicity campaign for the Victory Liberty loan has resulted in great activity throughout the five states in the seventh federal reserve district, and in every county of these states the war loan organization workers have been busy day and night with the preparation to make a success of the coming loan. With the formal opening of the loan drive only a short time ahead, efforts are being redoubled, and the apathy of a few weeks ago has been dispelled by the aggressive campaigning methods adopted.

In each division of the district the state speakers' bureaus have arranged state-wide tours for speakers of state and national reputation. Large and enthusiastic meetings have been held daily and nightly for some time past and every day before the launching of the drive on April 21 will be filled with activity and aggressive work. The heads of the state departments have made out schedules for leading speakers, and from the meetings already held there appears to be no lack of enthusiasm, contrary to the expectations of some of the state leaders.

In addition to the whirlwind oratorical campaign schedule in all of the states, tours of the war exhibition trains, tanks and band and drill squads are now being made. The war exhibition trains will travel through every county in each state in the interest of the war loan organization, and the people will have an opportunity of viewing several carloads of war material, including tanks, cannon, airplanes, all kinds of ammunition, and many trophies captured from the Germans by the American expeditionary forces. These trains will be accompanied by a detail of returned soldiers. At most of the places at which these trains will stop special Victory Liberty loan meetings have been arranged by the local committees, and in most instances speakers of wide repute will make addresses.

A feature of the work through the district has been special county meetings of the war loan organization workers. In some instances the workers of several counties have held joint

Made and Sold by Rock Island Plow Co.

The Model "D" 9-16 H. P. is a two-plow tractor and is built so you can attach the Rock Island No. 9 power at two-bottom tractor plow directly to the tractor. This plow is especially built for the Heider Model "D" Tractor. Your hand operates the tractor while your foot raises or lowers the plows by the automatic power lift. This gives you tractor and plows in one complete unit. Easier to handle than the ordinary horse plow—enables you to plow up to the fences and into the corners. You plow all the field. Heider Model "D" is also equipped with a standard drawbar for pulling other tractor plows, discs, hay tools, wagons, spreaders, binders, mowers, etc. Has power enough on the belt to run smaller sized grain separators, silo fillers, corn shellers, etc. Will pump water, saw wood and run the cream separator or washing machine.

meetings. At all of them the ways and means of making the campaign a rousing success have been discussed, and wherever possible, the state director of sales, or some other representative of the state or district organization, has been present to give the local workers the benefit of his wider experience.

Illinois reports indicate the workers are on their toes in readiness for the real campaign to start, as they are confident they will repeat their achievements of the previous popular loan campaigns. The state will be covered by the war exhibition trains, by leading speakers and a military or naval band.

A lively and enthusiastic campaign has been under way in Michigan for some time. State officials have been on the job under the leadership of State Director of Sales Frederick R. Fenton. Every county has been thoroughly organized, and reports are optimistic. County meetings have been largely attended, and at the public meetings held so far there has been no lack of enthusiasm. Every county in the state will be visited by the new United States army tanks. Great interest is being displayed in these instruments of modern warfare.

In conjunction with the speaking campaign, Iowa towns and cities will be visited by a war exhibition train similar to those touring other states, and there will be a separate tour of a band and drill squad from the Great Lakes Naval Training station. As in other states, the county meetings have been well attended by the local workers, and public meetings have shown no lessening of enthusiasm as compared to previous loans. Notable speakers are touring the state.

In Indiana the new United States battle tanks are touring the state, going overland from town to town. They have created a veritable sensation along the country highways. The state will also have a war exhibit train, as well as nationally known speakers. A number of enthusiastic meetings have been held to date. Wisconsin leaders report everything in shape for a rousing subscription drive. War exhibit trains, with tanks and bands, are enlivening the campaign and are stirring up much enthusiasm. The state and county organizations are complete, and everything is in readiness for the drive.

## PLAYS INTO HANDS OF REACTIONARIES

German Government Helping Monarchists, According to Emil Barth, Radical Leader

### DESERVES DICTATED PEACE

Threatened Revolution Can be Avoided by Popular Uprising and Establishing Dictatorship.

(By United Press.)

Berlin, April 23.—The present German government is playing into the hands of the reactionaries and militarists who expect to overthrow the republic and establish the monarchy as soon as allied armies are demobilized, Emil Barth, radical leader, charged in an interview with the United Press today.

The threatened monarchial revolution may be averted, he said, by a popular uprising which would result in establishment of a proletarian dictatorship. Among other statements made by Barth was that:

Germany can and should pay for the destruction she wrought.

There is already enough food in Germany if it was fairly distributed.

France is justified in fearing Germany and demanding German militarism be positively destroyed.

President Wilson has been deceived by the present German government.

The allies made a mistake in compromising with Germany on the Danzig question and militarists believe that they can get what they want at Versailles.

Germany ought to have a dictated peace as it is all she deserves.

"As a result of my intimate observation," he prophesied, "one of two things will happen:

"There will be a second revolution, either before the peace is signed or as a result of the government refusal to accept the entente terms, resulting in the establishment of a proletarian dictatorship or the royalists will inaugurate a counter revolution as soon as peace is signed."

"The Silver Girl" at Mystic

"The Silver Girl" featuring Frank Keenan is the offering at the Mystic theatre tonight. "The Silver Girl," deals with the love story of a man well on in years and a friendless girl. After years of unrelenting toil in the waste places of Nevada, Hunter finds himself a millionaire. Unwillingly bringing his young wife into the swirl of New York life, he almost loses his Silver Girl. But with eyes opened, at last, through one of the greatest dramatic climaxes, the wife sees clearly the snares and pitfalls of "society," and decides that the best place is by her husband's side in Nevada. There, at last abiding gratitude gives way to Love—real abiding Love, even until the end.

This powerful screen story is interpreted by a specially selected cast which includes as Mr. Keenan's principal support, Catherine Adams, a beautiful and talented actress who display a rare emotional power which will add to her growing popularity. She is a woman's woman, just as Mr. Keenan is a man's man; and women who have debated this problem of disparity of years, both young and old, will have a treat in watching the unfolding of this remarkable story, falling at once under the compelling spell of Mr. Keenan's matchless acting.

Tomorrow, "The Millionaire Pirate," starring Mouree Salisbury, is advertised.

### Theda Bara at Princess

Theda Bara in "When a Woman Sins," is the offering at the Princess theatre tonight.

The story of "When a Woman Sins," centers around Poppea, a nurse, who, unjustly accused, feels the wild impulses in her blood and becomes a dancer and a notorious woman. At her feet men fling their wealth, their hopes and their lives, but she toys with them, until she meets a young divinity student. Upon his steel-fibered character her allurements are of no avail. In despair, and weary of the life she is leading, she is about to commit suicide when he sends her a message of forgiveness in a bunch of lilies.

A TESTIMONY FROM A USER OF

## Acme Pig Meal

"Loogootee, Ind., Feb. 26, 1919.

"Gentlemen:—My 8 pigs were 6 weeks old, and weighed 168 pounds when I commenced to feed them ACME PIG MEAL, equal to milk. These 8 pigs ate 100 pounds of ACME PIG MEAL in 24 days, and they weighed 258 pounds, making a gain of 90 pounds in 24 days, or 11½ pounds per head in 24 days, or nearly a half a pound a day per head. This I consider a good gain for winter pigs 6 weeks old.

"Yours very truly,

"WM. SULT."

P. S.—You will notice that these pigs ate on an average of 15 pounds of ACME PIG MEAL per month per head, and that their gain for a period of 30 days would amount to 14 pounds and 6 ounces, and that the cost of this gain and growth was \$5.07 for each 100 pounds. I contend that there is no other ration that would produce an equal growth on weaned pigs at this cost.

## SPECIAL COURSE IN FRENCH.

(By United Press.)

Berkeley, Cal., April 23.—To further cement the friendship ties between France and America, the University of California has arranged a special course of study concerning French ideals, etc., for the coming summer session. Dr. Charles Cestry, professor of American civilization at the University of Paris will conduct the course.

A weed is any plant in the wrong place. Vegetables too close together are as injurious to each other as weeds. Thin them out before they are large enough to crowd.

I wish to express my appreciation of the settlements made under Health and Accident insurance policy No. 156345 held in the Fidelity and Casualty Company of New York. I was stricken with disease February 20, 1917 and am only partially recovered. Up to and including February 19, 1919 I have received from the company a total of \$2000 and, as the policy provides, I shall continue to receive at the same rate, \$125 per month as long as disability continues. I am pleased to recommend this company as one that meets all its policy obligations with promptness and to the perfect satisfaction of its assured.

**NOTICE TO ROAD CONTRACTORS**

State of Indiana, Rush County, ss: Notice is hereby given that the board of commissioners of said county, at their office in the court house at Rushville, Indiana, will receive sealed proposals for the improvement of a certain highway 2 1/2 miles in length, in said county by grading, draining and paving with concrete and gravel, as set out in the specifications, plans and profile now on file in the office of the auditor of said county, by and under the laws of the State of Indiana. Said sealed proposals will be opened and the contract awarded for said improvement on the 3d day of May, 1919.

Bids or proposals will be received up to 2 o'clock p. m. on said date. Each bid shall be accompanied by a personal or surety bond in the sum equal to double the amount of the bid filed for the work bid on, to be approved by the board of commissioners of said county. Said bond shall be conditioned for the faithful performance of the work; the sureties, if personal, shall be resident freeholders of the State of Indiana, one of whom shall be a resident of said county.

Said improvement will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and

upon failure to submit such affidavit such proposal or bid will be rejected by the board; and the board reserves the right to reject any and all bids. Time for the completion of said work will be agreed upon after the letting of said contract by said board of commissioners and successful bidder. Given by order of the Board of Commissioners of said County.

WM. H. McMILLIN,  
Auditor Rush County.

**PETITION OF BANKRUPT FOR DISCHARGE**

In the Matter of Benjamin A. Cox, Bankrupt. No. 4753 in Bankruptcy. District of Indiana, ss:

On this 15th day of April, A. D. 1919, on reading the petition of the bankrupt for his discharge, it is ordered by the court, that a hearing be had upon the same on the 27th day of May, A. D. 1919, before said Court, at Indianapolis, in said District, at nine o'clock in the forenoon, and that notice thereof be published twice in the Rushville Republican, a newspaper printed in said District, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the Court, that the Clerk shall send by mail to all known creditors copies of said petition and this order addressed to them at their places of residence as stated.

Witness, the Honorable Albert B. Anderson, Judge of said Court, and the seal thereof at Indianapolis, in said District on the 15th day of April A. D. 1919.

NOBLE O. BUTLER, Clerk.

## BUILD NOW!

Time, opportunity and need—all beckon you to build now. Promote the home beautiful and community beautiful plan, start local activities in trade, employ labor—especially the returning soldiers and sailors looking for occupation. It's the patriotic thing to do, it's the sensible thing to do, it's the profitable thing to do. Our community has grown a little bit shabby; it has halted somewhat in its progress. No fault of ours. The government during the war

withheld the use of building materials. The ban is now removed. Unless we get busy now, if we do not progress, then the fault will be ours. It's up to you investors and home builders. The need is great for new homes, new and modern office buildings and stores, sanitary factories. Put money in circulation, employ labor. It will make our community prosperous, interprising, active, progressive and return to the investor remarkable dividends.

#### WHAT?

When you build you should give very careful consideration to Electric Power and Light.

#### WHY?

Electricity will do more than any other one thing to make your home a more pleasant place in which to live.

#### HOW?

Electric Lights, Electric Automatic Water Systems, Electric Sweepers, Electric Irons, Electric Washers, Electric Dishwashers, and Electric Motors to operate all the small machines that are usually operated by hand.

#### WHICH?

Whether you Build New, Remodel or Modernize the present home, you should investigate

#### DELCO-LIGHT

Because Delco-Light means dependable electric service at a reasonable cost. This service is assured you by the fact that there will always be a Delco-Light representative in Rush County.
